

**9<sup>th</sup>** School Hydrological Information Network  
**SHINE**  
CONFERENCE  
November 15, 2018 | Klir Waterpark Resort, Sta. Rita, Guiguinto, Bulacan

**WELCOME ADDRESS / MESSAGE**

REPUBLIC OF THE PHILIPPINES  
 PROVINCIAL GOVERNMENT OF BULACAN  
 CITY OF MALOLOS

**MESSAGE**

Pax vobiscum!

Knowledge and awareness perhaps are the most potent defense that communities must ideally possess in confronting the gargantuan challenges conjured by climate change and inclement weather. Consequently, disaster resiliency is not a derivative of chance nor political posture, but of comprehensive preparedness through adequate information, sufficient equipment and facilities, and proper training.

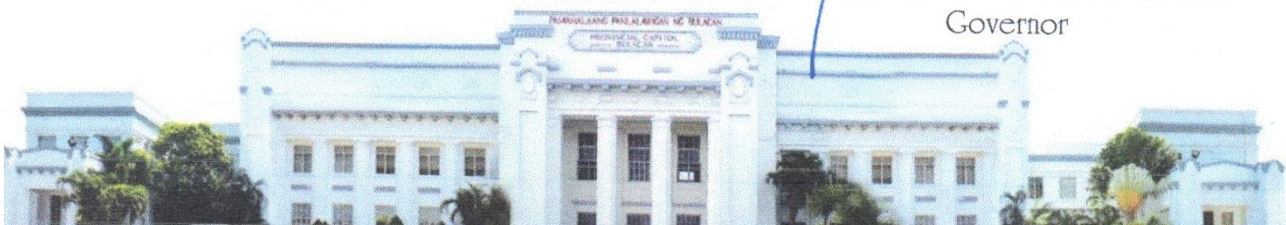

While our province is blessed with a diverse landscape comprising of majestic mountains, copious plains and abundant waters overflowing from our stream and their extensive tributaries, it also noteworthy to stress that our province is also very vulnerable to the disparaging effects of natural calamities such as inundation, due to its topographical features. In the past, our beloved province has been the subject of nature wrath, not only wreaking untold damage to our infrastructures, but also claiming the lives of many hapless victims. As nature's prowess is indisputably formidable and forceful, we must act steadfast, in pursuing, even to the ends of the earth, permanent solutions to this quandary.

Accordingly, the School Hydrological Information Network (SHINe) is an integral component of our collective effort to raise our people's awareness relative to hydrometeorological disasters through monitoring and gathering of relevant data which are integral in formulations of policies, programs and activity, as well as the province's preparedness plan. The SHINe program entails also the involvement of our secondary students and schools throughout the province making them cognizant and responsible partners of the provincial government in promoting the safety and welfare of our people.

*Taimtim na inaasahan ng inyong lingkod ang katagumpayan ng ika-9 na SHINe Conference bilang mahalagang bahagi ng Community Based Flood Mitigation and Management Program ng ating minamahal na lalawigan at hangad nating maging mabunga at makabuluhan ang pagtitipong ito para sa kaligtasan ng ating mga minamahal na mamamayan.*

*Maraming salamat po.*

  
 WILHELMINO M. SY-ALVARADO  
 Governor
